- The parliamentarian stated that according to the bylaws, members had to be informed at least 30 days prior to a vote on dues modification; therefore, the motion was out of order.

- Mr. Davison mentioned that the funds required for PTSA programs should not be raised from membership dues, and lowering the dues will make the PTSA more accessible; therefore, it is important to have the discussion at this meeting.

- Ms. Croom stated that when the VA PTA Board of Directors, which is responsible for the bylaws of the association (per VA PTA Bylaws,) decided to use the uniform bylaws, it instructed local units to transfer their approved local unit's information in their bylaws to the new organizational structure form and any changes to what was already to their bylaws be brought back to the membership body to be approved. - Ms. Margulies stated support for the recording
- Ms. Croom stated that as a private entity there is no provision in the governing documents that requires or otherwise compels the VA PTA to video or audio record meetings or to allow others to do so; it is not a practice of VAPTA and because it sets a precedent on a matter not addressed in the governing documents or past practice, they do not choose to permit this on an ad-hoc or situational basis.

- Unfortunately, the SGA President was not in attendance at that time.

Ms. Cox moved to extend the meeting so all the agenda items could be addressed. A few members seconded it.

- The president asked the parliamentarian whether they could extend the meeting since the agenda had not been approved and the original call of the meeting was 7-9 pm. Mr. Berke answered that since the agenda has not been approved there is no limit on how long a meeting can last until there is a motion to adjourn and is approved by the members.
